

Yasir Ado Hassan

Software Engineer (Frontend)

Lagos, Nigeria | +234 901 8661 696 | ysquare.theimperial@gmail.com

[Portfolio](#) | [GitHub](#) | [LinkedIn](#)

Professional Summary

Frontend Engineer with 5+ years of experience building responsive, user-centric web applications using React, Next.js, and other modern web technologies. Adept at translating product ideas into polished interfaces with a strong focus on performance, accessibility, and user experience. Thrives in collaborative environments and continually evolves with the fast-paced frontend ecosystem.

Professional Experience

Frontend Engineer

Aortem Inc – New York, USA

September 2025 – Present

- Built and optimized responsive web apps with Vue and Nuxt.
- Integrated APIs and real-time data with backend services.
- Developed scalable UI components and dashboards.
- Improved performance and cross-device accessibility.
- Delivered intuitive developer-facing interfaces.

Senior Frontend Engineer

Hotostash LLC – Nigeria

July 2024 – August 2025

- Built and optimized scalable UI features for a fast-growing event platform with 1000+ users in 2 months.
- Enhanced image uploads, payment integrations, and real-time notifications.
- Set coding standards, collaborated cross-functionally, and used PostHog analytics to improve engagement.
- Refined caching strategies for optimal frontend performance.

Software Engineer

Union Bank of Nigeria – Nigeria

May 2024 – Present

- Designed and maintained secure, scalable systems for digital banking solutions.
- Integrated APIs, optimized performance, and ensured code compliance and quality.
- Contributed to Agile development, mentored trainees, and evaluated program effectiveness.
- Provided project management support and stakeholder engagement.

Frontend Engineer

Shahuci Global Resources – Nigeria

Aug 2023 – Present (Contract)

- Developed user-friendly, responsive interfaces for ERPs with React.
- Ensured cross-browser compatibility and accessibility.
- Collaborated with backend teams and participated in code reviews.

Frontend Engineer

Brainstorm IT Solutions – Nigeria

Aug 2020 – Aug 2023

- Built and maintained high-performance, cross-platform frontend applications.
- Translated UI/UX designs into code, improved responsiveness, and integrated third-party APIs.

Frontend Engineer (NYSC)

Federal Medical Center, Birnin Kudu – Nigeria

Sep 2021 – Aug 2022

- Developed internal tools like e-vouchers, and improved accessibility for hospital systems.

Projects

Hotostash ([hotostash.com](https://www.hotostash.com))

Senior Frontend Engineer

Event platform for weddings, birthdays, and parties. Built features like album creation, invitations, contributions, and consensus-based fund release.

You can explore it here:

<https://www.hotostash.com>
