Yasir Ado Hassan
Frontend Software Engineer

I am Yasir Ado Hassan, a highly skilled Frontend Engineer with a background in software engineering. I have 3 years of experience under my belt, I also have a proven track record of delivering exceptional results in building, designing, and improving the user interface of web applications. I am well-versed in the latest frontend technologies and have a strong understanding of the principles of software engineering, making me a valuable asset to any development team.

Experience

2020 - 2023
Brainstorm IT Solutions | No 1 Airport Road, Kano
Frontend Engineer

I create user-friendly web interfaces using React. I ensure responsive design, cross-browser compatibility, and accessibility, optimizing performance and integrating data. i collaborate with designers and backend developers, conduct code reviews, and stay updated with industry trends to deliver a seamless user experience.

2023 / Contract
Shahuci Global Resources | No. 19 G/Baba Bature, Sharada Ind. Area Kano, Nigeria
Frontend Engineer

I develop web interfaces that users love. I code and style web pages, ensure they work smoothly on different devices and browsers, and strive for accessibility. I also collaborate with cross-functional teams, review code, and embrace ongoing learning to keep pace with the ever-evolving frontend landscape.
