Professional Experience

Frontend Engineer

Aortem Inc – New York, USA (Remote) | Sep 2025 – Present
- Built and optimized responsive web apps with Vue/Nuxt, improving performance across devices.
- Developed scalable dashboards and UI components used by internal teams.
- Integrated APIs and real-time data streams, improving system responsiveness by 20%.
- Enhanced cross-device accessibility and improved developer-facing tools.

Senior Frontend Engineer

Hotostash LLC – Nigeria | Jul 2024 – Aug 2025
- Scaled a fast-growing event platform to 1,000+ users in just 2 months.
- Implemented image uploads, payment integrations, and real-time notifications.
- Defined frontend coding standards and collaborated cross-functionally to ship new features faster.
- Introduced PostHog analytics, boosting engagement insights and decision-making.
- Optimized caching strategies, reducing page load times by 30%.

Software Engineer

Union Bank of Nigeria – Nigeria | May 2024 – Present
- Designed and maintained secure, scalable frontend systems for digital banking apps.
- Integrated APIs with a focus on performance optimization and compliance.
- Mentored junior engineers and contributed to Agile ceremonies.

- Supported stakeholders with technical insights and project delivery.

Frontend Engineer

Shahuci Global Resources – Nigeria | Aug 2023 – Nov 2023
- Delivered responsive ERP dashboards with React, improving usability for 500+ employees.
- Ensured cross-browser compatibility and accessibility compliance.

Frontend Engineer

Brainstorm IT Solutions – Nigeria | Aug 2020 – Aug 2023
- Built and maintained high-performance web apps for enterprise clients.
- Translated Figma designs into responsive UIs, improving usability scores by 25%.
- Integrated third-party APIs to extend product functionality.

Frontend Engineer

Federal Medical Center, Birnin Kudu (NYSC) – Nigeria | Sep 2021 – Aug 2022
- Developed internal tools (e.g., e-vouchers) improving hospital system efficiency by 15%.
- Enhanced system accessibility for staff and patients.

Projects

Hotostash (hotostash.com)

Senior Frontend Engineer

Event platform for weddings, birthdays, and parties. Built features like album creation, invitations, contributions, and consensus-based fund release.
